Allies Will Refuse to Quit Cologne Until After Report On Claim Germany Is Arming

Findings of Military Inspection Committee Will Be Known in January.

War of Revenge Is Aim, French Claim

Council of Ambassadors Told Berlin Government Is Starting Arms in Large Quantities and Training Youth of Land for Another Struggle.

By United Press.

PARIS, Dec. 27.—The conference of ambassadors, in session here today, agreed not to evacuate Cologne. The conference will not send a collective note to Germany on the question.

The ambassadors met at noon with Marshal Foch and a number of military experts were summoned. At the same time German Ambassador von Hoesch was received by Marshal Foch in his bed chamber where he is confined by illness.

The Allied activity followed rapidly on receipt of news of discovery of illegal arms stored in Germany, which France claims is a direct violation of the disarmament provisions of the Treaty of Versailles.

Evacuation of Cologne had been scheduled for January 10 but the Allies decided to remain troops there when France presented reports of the alleged illegal arms stores. Today's action by the ambassadors, therefore, is in the nature of confirmation of the Allied decision and puts Germany in the position of having to prove that she is carrying out in good faith the disarmament provisions of the Versailles Treaty.

The report of the military inspection committee, which is charged with the task of seeing to it that Germany does not arm and destroy her military equipment over what is allowed by the treaty, is due in the middle of January and will not be made until after that time.

The French claim that huge stores of arms have been found and that Germany is training her youth in various ways to prepare for a war of revenge.

BERLIN, Dec. 27.—Reports that huge amounts of illegal arms have been found stored in Germany are viewed as "ridiculous" by the German government, according to Dietrich, organ of foreign minister. As to the decision not to evacuate Cologne, the newspaper added ominously, "From this new wrong to Germany, serious consequences can come."

Disappointment was expressed because of America's failure to intervene in the Cologne question although it is hoped that President Coolidge's wish for amity may influence England and France.

Teamsters Ordered To Have Sharp Shoes For Horses on Streets

A number of teamsters were yesterday instructed to have their horses' shoes sharpened before endeavoring to drive them over the city streets while they are in their present icy condition. Police checked up on drivers who had the animals pulling loads when their shoes were so smooth that firm footholds were impossible. Without being sharp-shod a horse can hardly make the grade in Pittsburgh street with a load behind it. The drivers were instructed to either have their horses re-shod or not to drive them until the snow and ice disappears.

POLITICIANS STILL STUDYING IMPORT ELECTION FIGURES

With View to Sizing Up Probable Permanent Progressive Strength.

CONSERVATIVES IN LEAD

But Progressives Will Strive to Win Back Those Who Strayed from Democratic Fold Through Fear of Radicalism as Taught by LaFollette.

By DAVID LAWRENCE
Copyright, 1924, by The Courier.

WASHINGTON, Dec. 27.—The politicians haven't finished studying the official figures of the presidential election just completed and the chances are they will not finish for many months to come. For the time data presents much food for thought and cannot but have a significant effect on the plans of independents to form a permanent third party organization.

Notwithstanding the great popularity of Theodore Roosevelt, he did not in 1912 poll as many votes as did LaFollette in 1924, but allowance must be made for the fact that Roosevelt did not vote 12 years ago. The difference nevertheless was only about 700,000 in favor of LaFollette. In spite of this LaFollette received only 13 electoral votes while Roosevelt received 85. LaFollette was third in the popular vote as well as in the electoral vote. Roosevelt ran second in both electoral and popular vote.

The most important inference, however, is that an independent of the type of Roosevelt and an even more radical individual like Senator LaFollette, don't succeed in capturing a majority but simply splits one of the two old parties. In 1912 the Democrats defeated by the Republican break and in 1924 the Republicans had the advantage of a split in the Democratic party.

Mr. William in 1912 was unable, however, to poll a majority of the popular vote while Mr. Coolidge succeeded in polling a majority over both his opponents of more than 2,500,000 votes and of course, in the electoral college had a substantial majority.

Under the circumstances the problem of the progressives and independents is to find a way, not only to combine the LaFollette and Davis totals, but to win back from the Republican ranks the millions of Democratic voters who strayed from the fold because of a fear of the radicalism of LaFollette, or that the election of LaFollette, or that the House of Representatives for election and the business would suffer because of the period of uncertainty.

To combine the LaFollette and Davis totals, however, is easier said than done.

Warm Contest Over Speakership of the House Seems Sure

By S. P. HOLLINGSWORTH

UNITED PRESS STAFF CORRESPONDENT. HARRISBURG, Dec. 27.—The fight over the speaker of the next Pennsylvania House of Representatives has given Governor Pinchot an advantage in advance of the Legislature which a compromise alone can destroy.

With Philadelphia and Allegheny county delegations apparently determined to present "favorite sons" at the Republican caucus Monday night, January 5, on the eve of convening, no immediate prospect of harmony has appeared.

W. Harry Baker, chairman of the Republican State Committee, has been urging Representative Clyde Harer, Lycoming, who was chairman of the Appropriations Committee last session, to seek the speakership.

His name has not appeared to leaders in control, however, and he may be dropped. Governor Pinchot was among the first reported active in the speakership contest in overtures that were made to re-elect Representative Good-nough, but the Governor disclaimed knowledge of the candidacy of Good-nough and there the matter rested.

With the division within the organization ranks there is a chance that rural speakers will get behind the former speaker in an effort to push him over before the leaders can get together.

If Vero is successful in combining with Leslie forces of Allegheny county, together with the organization strength in some of the interior counties, he may succeed in controlling the House but without sufficient strength to override the Governor should that become necessary.

The old split in the party, which today seems widening, would then result in giving Governor Pinchot the whip hand in controlling appropriations, the one power which his opponents hoped to be able to curb by a united front.

Senator Max Leslie has remained out of the speakership fight in anticipation of gaining the chairmanship of the appropriations committee by swinging to the right man at the right time. Representative McCaig of Allegheny is the candidate. He lost this important post last session but is said to be in line to return.

The part that those legislators aligned with the Grundy wing will take remains doubtful, although Representative Hoes of Lancaster was being talked of as a speaker. He was chairman of the rules committee and moved the adjournment that precipitated the riot of 1921, when Speaker Spangler was deposed.

The chaotic situation has been reported to have been taken to Secretary of the Treasury Mellon as a possible arbiter to prevent disruption of the forces over the first business of the session—the election of speaker and president pro-tem of the Senate.

AGED WOMAN IS FATALLY BURNED

Much of her body covered by burns, Mrs. Rebecca Caldwell, 86, died Christmas morning at 12:55 o'clock at the home of her daughter, Mrs. James Donahue in Franklin township. Mrs. Caldwell allowed her nightclothing to catch on fire Sunday morning when in attempting to warm herself she edged too close to the open grate.

Mrs. Caldwell walked into the kitchen from her bedroom before she realized that the back of her clothing was a mass of flames. The burns, although of a superficial nature, covered such a widespread area that recovery was impossible. In addition to her daughter, Mrs. Donahue, the deceased leaves the following grandchildren: Mrs. Frank Patton, Uniontown; Frank Donahue, Waltersburg; Bertha, Reids and Grace Donahue, Washington, D. One of the safe streets for counting is pointed out, in North Arch. There is a good grade and little danger of an automobile on the sleds. The sleds are of more than ordinary kind. The sleds are of more than ordinary kind. The sleds are of more than ordinary kind.

By United Press. LOS ANGELES, Dec. 27.—When the jury in the trial of "Kid" McCoy was locked up for the night, shortly after 10 P. M. yesterday, it stood six to six, the foreman said in reply to a query by Judge Charles Craft.

Throughout the nine hours of deliberation in which 66 ballots were taken remora from the jury said that the majority was in favor of acquittal. One report had it that the balloting was 11 to one and that a woman juror stood between the former pupil and freedom.

At 10 A. M. today the jury was to reconvene to continue its attempt to decide whether McCoy is guilty of the murder of Mrs. Teresa Moss, the last of his multitude of sweethearts. Judge Craft ordered the jury escorted under guard to a downtown hotel after the transcript of testimony given by Mrs. Jennie Thomas, McCoy's sister, was read on request. Before the grand jury which indicted her brother, Mrs. Thomas testified he said to her: "I'm afraid I've killed that woman." Strike Monday of 100,000 Hard Coal Miners Probable

WILKES-BARRE, Dec. 27.—One hundred thousand anthracite miners are on the verge of calling a strike that may precipitate a coal famine throughout the East. Delegates representing all the large producing companies in District No. 1, United Mine Workers of America, will meet tonight to consider a general strike vote. Indications pointed to the strike being authorized, effective Monday.

Unfavorable working conditions and failure of union officials to have grievances adjusted are the chief contributing factors in the situation which is considered the most critical since the anthracite strike of two years ago.

For the last two weeks 13,000 miners employed by the Penna. Anthracite Coal Company have been on strike. Since then influence has been brought to bear on miners employed by the Lehigh Valley, the Glen Alden and other high companies to join in the strike.

Danger as Years Pass

As the years go by we are all more or less subject to two dangers, the danger of perturbation and the danger of satisfaction, either that we shall become hard and callous, crusted over with customs and convention till no new ray of light or of joy can reach us, or that we shall become lax and disorganized, losing our grip upon the real and vital sources of happiness and power, writes John Burroughs. Now there is no preservative and antidote, nothing keeps one's heart young like love like sympathy, like giving one's self with enthusiasm to some worthy thing or cause.

Makes a Family Supply of Cough Remedy

Really better than ready-made cough syrups and more easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and breaks the sore, irritated membrane so gently and easily that it is really soothing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and laryngitis, there is nothing better.

Pinex is a most valuable concentrated compound of a pure Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Wayne, Ind.

SECRET CLOSETS REVEAL HISTORY OF ANCIENT INN

Rip Paper Off Walls to Find Hidden Staircase and Room in English Tavern.

London.—An old, positing inn of the ancient village of Much Hadham in Hertfordshire, once a favorite resort of Queen Elizabeth, has been declared to be the oldest hostelry in England.

It was recently ascertained that the old building, venerated because of its royal associations, had been a landmark for several hundred years when the Tudor queen visited it. In the time of William the Rufus, late eleventh century, parts of the old inn were then outposts of a neighboring castle and used to house travelers who passed through the district.

When a new proprietor came to the inn a short time ago, in making repairs to the walls, they were found to be covered with canvas which hid a wealth of rich old paneling and carved work.

Behind a section of papered canvas in the dining room a secret staircase was found which led to an apparently secret room. A collection of bones lay in a dusty heap at the foot of the stairs. In this room, in peeling off the 80 layers of paper and canvas which covered the wall, several old cupboards and small closets were found in which old records and papers were piled. It was in deciphering those that the early history of the place became known.

The papers made frequent references to Queen Elizabeth, sometimes recording her arrival there with a party of friends, sometimes with her court, and occasionally with only one or two companions.

As Sir Walter Raleigh also is known to have frequented the place, it is supposed that the queen's companion on some occasions was her sister-in-law.

Opposite the inn is an old palace of the bishops of London, which was also visited by Queen Elizabeth, and the village is surrounded by a grove of lime trees, some planted by the queen. The inn is being restored as nearly as possible to its Elizabethan condition, and many of the rooms will be used as museums.

British Business Grows

London.—Great Britain is today earning much more money than of late years and in 1925 its income from productive power, and services rendered in the outside world, totaled around \$17,850,000,000, or \$440 per annum for every man, woman and child in the country. This represents an increase of \$1,050,000,000 on the 1922 figures, says the Economist.

"SELL 'EM COWBOY," with Dick Hatton and Yakima Canutt in the leading roles, is the feature picture today at the Paramount. The program also includes a chapter of a new serial, "Batling Brewster," featuring Franklin Farnum and Helen Holmes, and "Paul Revere," one of the historical history comedies. Monday and Tuesday Hoot Gibson will be seen in "Broadway or Bust."

The Soisson

"THE ONLY WOMAN," the leading attraction today at the Soisson, is a First National picture with Norma Talmadge, supported by Eugene O'Brien in the leading role. Norma, always an actress par excellence, is seen at her best as a young woman who sacrifices herself on the marriage altar to save her father from disgrace. She hates her husband, even as she marches up the church aisle to become his bride, and she vows to herself that she will never really love him.

Monday, Tuesday and Wednesday Monty Blue and Florence Vidor will be seen in "The Marriage Circle."

A Few Days of Clearance Sales

After Christmas rush and our usual December inventory comes a few days of special sales to clean up the accumulation of so-called odds and ends, and shelf-worn goods in the different departments at each store. There will be nothing uniform about this sale—each store and each department will have its particular items—but all goods will be priced to move them quickly. An opportunity to buy at a still greater saving.

The Orpheum

"HER LOVE STORY," with Gloria Swanson, popular Paramount star, in the leading role, is on view today at the Orpheum.

Gloria Swanson's latest picture, "Her Love Story," boasts a truly extraordinary cast and it is due to the fact that Allan Dwan, who directed it for the Paramount organization, takes the word "realism" seriously. "Her Love Story" is based upon Frank Tuttle's adaptation of "Her Majesty, the Queen" by Mary Roberts Rinehart. It is a touching romance of love and mother-love in the atmosphere of royalty.

Monday, Tuesday and Wednesday of next week Pola Negri will be seen in "Lily of the Dust."

The Arcade

A rare treat, indeed, is in store for the persons who witness the presentation of "Three Wise Fools" at the Arcade Theatre tonight. Friday the whimsical comedy had the entire house in laughter at all times, proving its merits. The play, presented by the Ella Kramer Company, was well received and the persons who witnessed the show could scarcely realize how good it really was. The comedy drama is interspersed with mystery and keeps the audience on edge. For the last time, tonight, "Three Wise Fools" will be given.

Monday, Tuesday and Wednesday, the stock company, one of the best that ever visited the town, will present William Mack's big crack drama, "Kick In."

West End

The event of the season at the West End Theatre, Uniontown, will be on Monday, December 29, the occasion being the engagement of Anne Nichols in the comedy, "Abie's Irish Rose," of which she sends to this city from its recent phenomenal run of eleven weeks at the Majestic Theatre, in Buffalo, without a single change in the cast or detail in the production. It is doubtful if any play ever written has caused such widespread interest as this epoch making comedy which like "Toussaint's Trick," seems to run on forever wherever it is presented, as can be attested by its unprecedented runs in Los Angeles, San Francisco, New York, Chicago, Baltimore, Pittsburgh, Cincinnati, Montreal and Toronto, where it ran for 12 to 42 consecutive weeks in each city excepting New York and Chicago, where it is still playing to capacity audiences, the former city celebrating the end of its second year on May 22.

Special to The Courier.

DICKERSON RUN, Dec. 27.—At the time of the full crew law the Pittsburgh & Lake Erie Railroad lived up to the letter of the law, and when the law was repealed one man was out of each crew. But experience taught the P. & L. E. like many other roads, that with the long trains they were handling a conductor, brakeman and one brakeman could not do the work and get the trains over the road and the P. & L. E. has returned to the old order of things and has placed one more brakeman on each train and the change is proving very satisfactory.

Snow and Sleet Cause Accidents.

The cars of William Rimmel and Andy Marx were badly damaged Wednesday morning while making the curve ending on the Dawson bridge, with cars doing a shuffling act in front of J. E. Black's store, both hitting the curb and falling on the viaduct. Each had one wheel broken off. Later in the day a large car was moving over the viaduct from the Pittsburgh & Lake Erie depot without chains and was making very poor progress. At the same time a large truck was going down and when the brakes were applied the car kept on going and ran into the car coming up, the driver of which was slightly injured. No damage was done to the car.

Harry Rush In Crash.

The cars of Harry Rush of Dawson and Philip Kiefer of Charleroi met head on in a bad smashup Wednesday evening at the west end of the Vanderhill borough line. Both were badly damaged. The gas house that stands just inside the borough line was damaged. Both men were able to walk home.

It was presented to Mrs. Funkle by Harry Shallenberger and Carl Cumberland of Mr. Fleishman's clerical force.

EVANGELICALS TO SING

Special to The Courier.

SCOTTDAL, Dec. 27.—On Sunday evening Christmas programs will be presented in a number of the churches.

At St. Paul's Lutheran the pagant entitled "The Path of Promise" will be presented at 7:30 o'clock. Members of the church and the choir will take part. The pagant is divided into seven parts.

Trinity Reformed will present its pagant, "Why the 'Times Run,'" in the evening. This pagant is especially suited to the Christmas season because of the story of self sacrifice which it presents. It combines the simple peasant life of the Middle Ages with the picturesque life of the nobility of the church. The cast is a most excellent one.

At the Baptist Church the cantata, "David, the Shepherd Boy," will be presented at 7:30 o'clock. This is being presented by the church choir and will be in nine parts.

At the Evangelical Church on Sunday evening a program of songs and recitations will be presented.

Daniel L. Sherrick's Funeral.

The funeral services for Daniel L. Sherrick will be held Sunday afternoon at the home in South Chestnut street, with Rev. E. B. Leach officiating. Burial will be in Scottdale cemetery. Mr. Sherrick, who died yesterday morning, was 74 years old. He had been a member of the United Brethren Church for a long time and had served as superintendent of the Sunday school for a number of years.

S. Connelleville
Enjoys New Street;
No Mud This Year

South Connelleville residents enjoyed Christmas this year as a community, more than any other. For the first time in the history of the town it was not floating in a "sea" of mud.

The new white road is in use between the city limits of Connelleville and the Atlas Hotel. Only half the street is in, but it affords a riding surface and that is something more than has ever been enjoyed at this season of the year, following wet and freezing weather.

The autumn skies are hushed with gold,
And fair and bright the rivers run;
These are but streams of winter
And palest mists that quench the sun.

SEASONABLE FOODS

Even if one serves the heavy meal at noon, a nicely baked and seasoned potato is enjoyed at night. The following is a main dish in itself:

Baked Potatoes
and Cheese.
Boil six large potatoes and cut lengthwise into halves lengthwise. Scoop out the centers and wash thoroughly. Rub one-fourth pound of rich cheese through a coarse sieve, add to one-half cupful of hot milk, mix with the potato, adding a beaten egg, and seasonings, beat until light and well-mixed. Stuff the potato shells and bake in a hot oven for ten minutes.

Old English Date Pie.—Beat two eggs, add three-fourths of a cupful of sugar, one-half teaspoonful of salt, one teaspoonful of cinnamon, one-fourth teaspoonful each of nutmeg, allspice and clove, one cupful of sour cream, one tablespoonful of flour, one cupful of finely diced dates. Mix all together, heating the eggs lightly and pour into a pastry-lined pie plate. Sprinkle one-half cupful of coconut over the top and set into a very hot oven to bake the crust, then lower the heat and bake cooking.

Nugget Cake.—Cream together one cupful of butter and one-half cupful of sugar, add two well-beaten eggs, three-fourths of a cupful of milk, four squares of melted chocolate and two cupfuls of pastry flour, stirred with one-half teaspoonful of salt, two teaspoonfuls of baking powder, one-fourth of a teaspoonful each of cloves and nutmeg. Mix well and add one teaspoonful of vanilla and bake in layers for twenty minutes. Remove from the tin and spread with boiled frosting flavored with maple.

Potato and Onion Pancakes.—Grate four potatoes and chop very fine six medium-sized onions. Place in a bowl and add one egg, one cupful of milk, three cupfuls of flour, one teaspoonful of salt, one-half teaspoonful of white pepper, two teaspoonfuls of baking powder. Beat to mix well and cook in the usual manner for pancakes.

Lighthouse Tender Quits

After 50 Years on Lakes

Detroit, Mich.—Henry Corgan, watchdog of the reefs for more than half a century, the oldest lighthouse tender in Michigan, has retired to live on memories and a federal pension.

Mr. Corgan was sixteen years old when he began his life in the waters-battered stone towers. He was then assistant to his father, Charles Corgan, at the Manitou Island light, off Point Peninsula in Lake Superior, where the sailing ships rode by from Russia, Sweden to Duluth. Sailors in fog or storm heard the Manitou Island fog horn booming or saw the all night flashing and vectored away.

His older brother, Hugh, preceded him as assistant to the veteran tender Corgan at the Manitou Island light, but was drowned five days after his appointment. Another brother, James, kept the signal fire burning in Great Lakes lighthouses for 50 years also.

James F. Corgan, warden at the Michigan branch prison at Marquette, is a nephew of Henry Corgan. War-
den Corgan was born in a 20-foot steamer in which Henry Corgan was taking the mother from Manitou Island to Copper Harbor.

Other stations Mr. Corgan has tended are those at Gull Rock and Copper Harbor. In the same region of Lake Superior, and the lighthouse at St. Clair Flats. He was at Copper Harbor 30 years.

Mr. Corgan, who has three sons and three daughters, has tales to tell his five grandchildren.

'Ancient Use of Copper
